Dave and Judy first met in their sophomore year by a fortuitous introduction by Dave's good friend Earl Carr. After graduating Dave went on to proudly serve God and country and joined the Marines "Semper Paratus" along with his buddies Earl Carr and Bill Nesbitt. Soon after completing boot camp he married the love of his life, Judy. God blessed them with two lovely daughters Cyndi and Pam. The family settled in Clarkson, Mi. Dave working for GM as a Millwright, Judy with the infinite bliss of a Stay At Home Mom, better known in those days as a housewife.

With the darling kids graduated and out of the house, Dave soon took an early retirement from GM and now the team was ready to move on to their Life's Dream...a farm in Iowa. They purchased a home that had been in Dave's family since the 1800's along with a shop and started Sherrill Welding & Iron Works.

After almost 20 yrs, Mr. & Mrs. Baal decided to close shop and retire for a second time. They sold the "Family Homestead" and decided to have some real fun. They currently reside in Prescott Valley, Az., located about an hour north of Phoenix. Their days are grueling, consisting of "looking for color", which to non-locals translates to Panning for Gold, long drives on back roads riding their Polaris ATV, jaunts to nearby attractions such as the Grand Canyon and visits from "the kids" and their grandson, Grayson.
